KX-350K

● Configuration

Item	Name	Model and origin	Features	Quantity
1	Compressor	Qp(Sino-US joint venture)	High efficiency and long service life	1 set
2	Condenser Fan	Kaixue	Axial fan, high efficiency, low noise	1 set
3	Evaporator Fan	Kaixue	Axial fan, high efficiency, low noise	2 sets
4	Expansion valve	Danfoss(Denmark)	Strong interchangeability, easy to install and maintain, with MOP	1 set
5	Dryer and Reservoir	Kaixue	Strong drying ability and good filtering effect	1 set
6	CPR Valve	Danfoss(Denmark)	Regulate system pressure and protect compressor	1 set
7	Oil separator	Kaixue	Good effect, reliable performance, and effective protection of the compressor	1 set
8	Solenoid valve	Castel(Italy)	High temperature resistant valve body, high performance coil, easy to install	1 set
9	Pressure Switch	BPT(Sino-US joint venture)	Durable, sensitive and reliable	2 sets
10	Connector	THB (Sino-US joint venture)	Good contact and waterproof	13 sets
11	Condenser Coil	Kaixue	High-efficiency heat exchange parallel flow all-aluminum coil	1 set
12	Evaporator Coil	Kaixue	Internally threaded copper tube, high-efficiency heat sink	1set
13	Relay Box	Kaixue	Integrated circuit control, easy to operate	1set
14	Cover	FRP	Beautiful, high strength, corrosion resistance, anti-aging	1set
15	Tube&Hose	Codan(Sino-Danish joint venture)	Anti-aging, easy to install	1set
16	Frames	Kaixue	Condenser frame surface is e-coating process, anti-corrosion	1set

● Evaporator Assembly

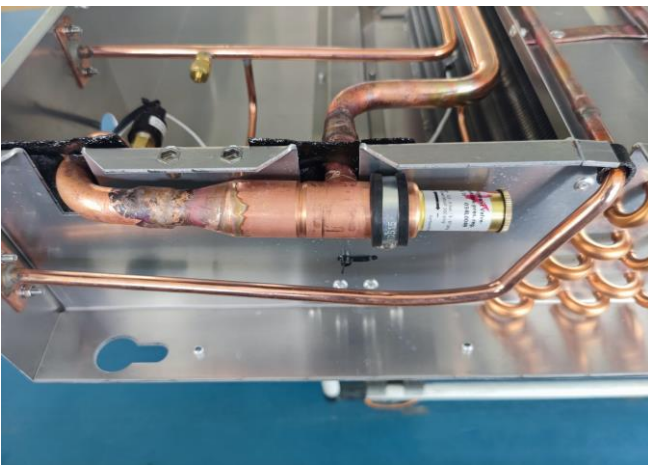

FRP Cover: high strength, corrosion resistance, anti-aging

The Cover Can be disassembled separately on both sides, easy to repair, maintain and check

Heat-exchanger: Improve heat exchange efficiency, cooling deeper and faster

CPR Valve (Danfoss brand):
Regulate system high pressure, to protect the compressor.

Other Supplier don't have this!

Expansion Valve; Danfoss brand from Denmark,

● Condenser Assembly

Security grille to protect the refrigerator, otherwise the leaves, pebbles and stones will go into condenser and cause damage to the equipments. **Other supplier don't have this**

Castel brand solenoid valve from Italy.

Condenser frame surface is e-coating proses, anti-corrosion, long service life

Condenser Fans

**Axial fan, high efficiency, low noise,
high quality, service life 6000hours**

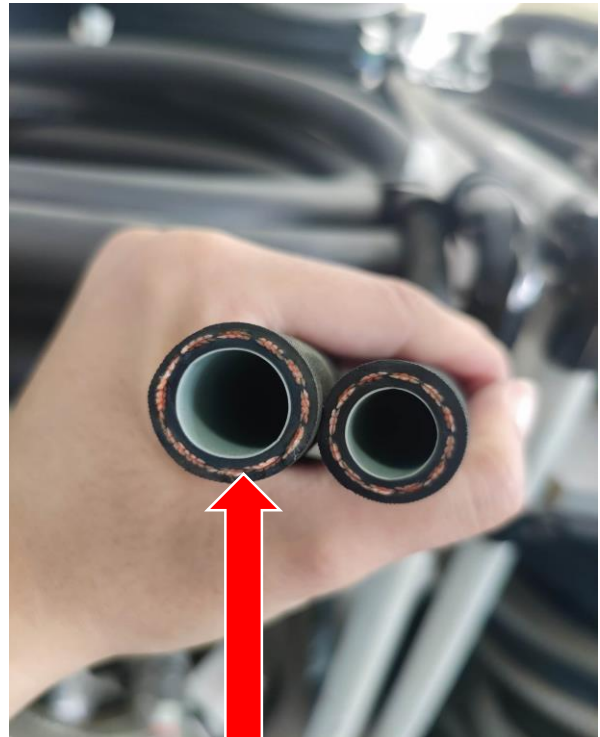

Evaporator Fans

Hose, tube, fittings and clamps

Drain hose inner steel wire,
durable and long service

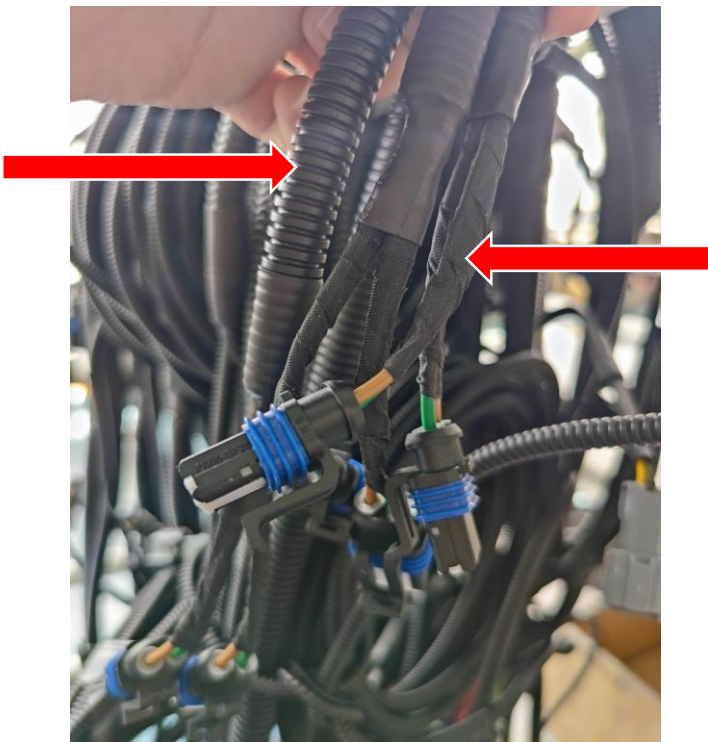

Hose with
two layers of nylon nets,
strong toughness.

Controller

Wire harness

1. The thicker wire harness is more load-bearing
2. Double layer protection to wires, insulation, corrosion resistance, high temperature resistance, waterproof,

**Compressor: Qp brand, same compressor with Thermo king and Carrier.
We provide one year warranty for compressor, other Chinese suppliers don't provide warranty for compressor!**
