KX-990K

● Configuration

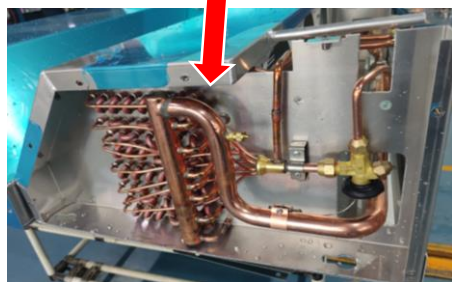

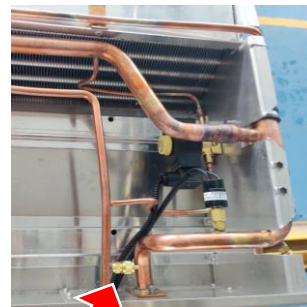

Item	Name	Model and origin	Features	Quantity
1	Compressor	QP(Sino-US joint venture)	High efficiency and long service life	1 set
2	Condenser Fan	Kaixue	Axial fan, higher efficiency, lower noise	3 set
3	Evaporator Fan	Kaixue	Brushless fan, larger air volume, longer life	3 set
4	Expansion valve	Danfoss(Denmark)	Strong interchangeability, easy to install and maintain, with MOP	1 set
5	Dryer	Danfoss(Denmark)	Strong drying ability and good filtering effect	1 set
6	Receiver	Kaixue	Reasonable design, and the surface is sprayed	1 set
7	Sight glass	Danfoss(Denmark)	Wide field of view	1 set
8	Oil separator	Danfoss(Denmark)	Good effect, reliable performance, and effective protection of the compressor	1 set
9	Suction pressure regulating valve	Danfoss(Denmark)	Longer life, reliable performance, protect compressor from broken	1 set
10	Solenoid valve	Castel(Italy)	High temperature resistant valve body, high performance coil, easy to install	2 sets
11	Pressure Switch	BPT(Sino-US joint venture)	Durable, sensitive and reliable	2 sets
12	Connector	THB (Sino-US joint venture)	Good contact and waterproof	17 sets
13	Condenser Coil	Kaixue	High-efficiency heat exchange parallel flow all-aluminum coil	1 set
14	Evaporator Coil	Kaixue	Internally threaded copper tube, high-efficiency heat sink	1set
15	Relay Box	Kaixue	Integrated circuit control, easy to operate	1set
16	Cover	FRP	Beautiful, high strength, corrosion resistance, anti-aging	1set
17	Tube&Hose	Codan(Sino-Danish joint venture)	Anti-aging, easy to install	1set

● Evaporator Assembly

The unique copper pipe design heating the water outlet makes the drainage more smooth, **other supplier don't have!**

Brushless fans, longer life 7years, smaller current, larger air volume

Suction pressure regulating valve, can adjust the suction pressure to protect compressor, **other supplier don't have!**

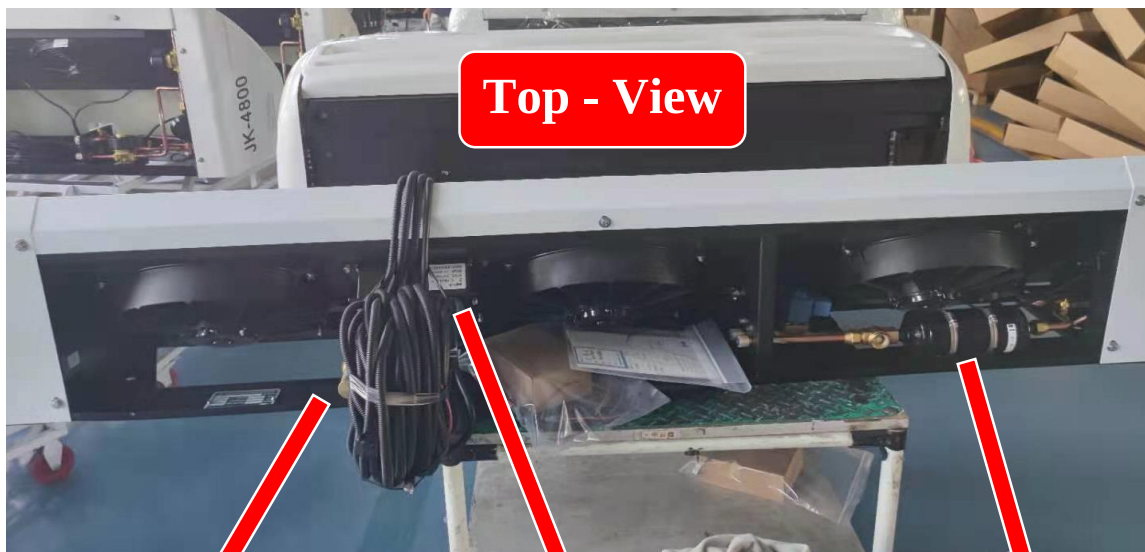

Expansion Valve: Danfoss brand, from denmark. common brand, durable

Super huge heat exchanger, faster heat exchanger efficiency

Unique check valves design, ease of repair and maintenance for technician. **Other suppliers don't have this!**

● Condenser Assembly

Danfoss KVL valve from Demark, common brand.

Relay box, Waterproof level IP67.

Danfoss dryer, Strong drying ability and good filtering effect. Danfoss sight glass, wide field of view, other supplier don't have

Condenser Fans

Axial fan, high efficiency, low noise, high quality, service life 6000hours

Evaporator Fans

Brushless fan, lower current, larger air volume, longer life, easy to maintenance, same supplier with Carrier

Hose, tube, fittings and clamps

Drain hose inner steel wire,
durable and long service

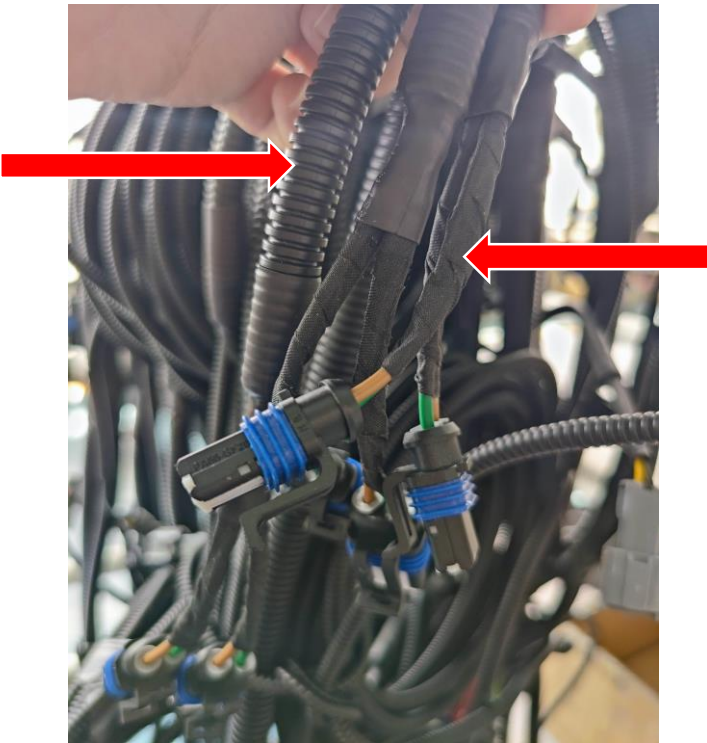

Hose with
two layers of nylon nets,
strong toughness.

Controller

Wire harness

1. The thicker wire harness is more load-bearing
2. Double layer protection to wires, insulation, corrosion resistance, high temperature resistance, waterproof,

We provide warranty for compressor, other chinese suppliers don't provide warranty for compressor!
